After the episode intro, the viewer can see instead of the clichéd Robotnik's fortress, a green field with lot of Mobium flowers can be seen. The title comes up:

SONIC AGAINST TAILS

Written By Jerry Gustafson

Suddenly the sky is stormy and audible thunder noises come with flashing lights. The viewer should be able to see Sonic and Tails walking (instead of running) with gloomy faces.

Close up of S & T

T: When are we gonna eat, Sonic? I'm starving.

S: So am I, little bud. I could do anything for one measly chilli dog.

Tails points to a sign that says, "Free steaming hot chilli dogs" with a picture of a dog inside a bun.

Close up of Tails, eyes brighten, jaws open

T: Wow! Free chilli dogs, Sonic.

Close up of Sonic

S: Hold it Tails this looks like a trap.

Close up of T

T: Come on Sonic, Scratch and Grounder aren't likely to come out in the rain.

Close up of the two, Sonic's finger is on his chin.

S: You are probably right, besides I'm hungry.

Sonic's feet are starting to move like all circularly.

S: Let's speed, keed.

Sonic drags Tails arm and both dash off screen. The viewer can now see Coconuts wearing a Getafix style beard next the steaming pot of chilli.

C: Yeah, Yeah. I'm gonna capture Sonic and his two tailed fox friend. That's sure gonna get me out of sewer patrol.

Coconuts is jumping up and down like a little child opening his birthday present.

C: Here they come. Better put my old wizard costume on.

Now Sonic and Tails dash towards C. Sonic's eyes are larger and his lips are licking. He sniffs the chilli dog aroma that appears.

S: Mmmmm. That's one mondo chilli dog.

Wide to Tails and Coconuts

T: Excuse me Mister; can we have 4 chilli dogs, please?

C: Sure fox br... (Changes voice to Getafix) buddy.

Coconuts get four chilli dogs and give them to Tails. He also gives Tails another dog.

C: There you go fox an extra chilli dog, compliments of the chef.

T: Thanks.

Coconuts then hides off screen. The viewer can see both S & T giving exchanging chilli dogs. Sonic looks puzzled.

S: Hey Tails, why did you get an extra chilli dog?

T: Maybe because I have two tails.

Close up of Sonic. His eyes are slanting, looked annoyed.

S: You expect me to believe that?

Close up of T. He looks very worried.

T: Sure Sonic, I never lie.

Sonic and Tails sit down and scoff 4 chilli dogs, and there is one left.

Close up of S. His eyes brighten up.

S: Tails, I need that last chilli dog.

Close up of T. His face is pale but changes.

T: No. Unless if you share it with me; like good buddies.

Close up of S. His eyes are going deeper.

S: I don't want half a chilli dog. I want it all.

Wide to both S & T

T: Sonic, why are you so greedy? This isn't like you.

S: You know I'm the leader, Tails. Give me that chilli dog.

T: No.

S: That's it, fox brat. I've had enough; I trust my own instincts.

Close up of S & T shouting just like the Sonic CD cover, (head to head).

T: Yeah, Sonic. Calling me a fox brat. Why I oughta...

S: I should have called you Bails because that's all you do.

T: I'm fed up of smelly burning rubber and them 90's catchphrases.

S: I wanna have the last chilli dog. Right now!

Wide to T who sneaks about and then pulls Sonic's spikes. Tails then laughs.

Close to S

S: I hate it when you do that!

T: Hedgehog, we are through but first.

Coconuts gets a sign that says Censored and is shown on the screen. There is shouting from both S & T. Presumably Sonic and Tails fight each other. When the sign is taken down, T is full of bruises.

Close up on S

S: I'm leaving; I never want to see you again. Farewell ex-friend.

Wide to S & T

Sonic speeds off screen, Tails looks depressed.

T: Oh no! I've lost Sonic forever.

The music of end of Act 1 is played which is unusually quick for an opening.

Act 2:

Tails still looks depressed and walks off. Now the viewer can see Coconuts without the Getafix beard with a tell Dr. Robotnik look.

C: Sonic and Tails split up? I gotta tell that to Dr. Robotnik then I'm off toilet duty permanently.

Coconuts walks off. Now the viewer can see the clichéd Robotnik's fortress zooming in with its music. Dr. Robotnik is looking at a machine and tapping it. Coconuts rushes towards D with a panicky face

C: Oh your repulsiveness, I've got some news. Sonic and Tails have split up and I saw the whole thing. Yeah, Yeah, Sonic's easier to get now. He is, he is.

D looks angry about to pull a lever when he face was like a stupid gorilla.

D: Sonic and Tails left ay?

Diagonal angle of tiny C
C: Yeah.

Close up of D

D: Coconuts, you are use... ful. I get the imbecile idiots to come here at once for the news.

Now the viewer is in the TV room, with machine gun firing sound. Sc & G are sitting on a couch watching gangster films.

Sc: Come on Capone get the police.

G: I thought Capone is the bad guy.

Sc: He is the bad guy, you stupid.

G: Oh.

D: (v.o) SCRATCH, GROUNDER, COME HERE AT ONCE, AND NO WANDERING.

Close up of G.

G: Maybe it's good news?

The viewer sees Sc & G running towards D. However G stopped and Sc fell down.

Sc: Why did you stop, dumb-bot?

G: Err. There was a nickel on the floor that I err, had to pick up.

Sc: You're getting worse each year.

G: Nuh-huh, you're getting more bossy each year.

D is in front of the camera; Sc & G are at the side.

D is having an annoyed look.

D: Will you two shut up?

Sc: Sorry boss, but it was Grounder's fault.

G: Nope, it was Scratch's fault.

Sc walks up to D after getting up, G follows him. Wide to all 3

D: I don't care whose fault it is; besides Coconuts has some news for you.

Sc & G: COCONUTS?

Zoomed to C on ultra blabber mode.

C: Yeah, I have news all right. When I set up my chilli dog trap to capture them, I was about to get them when they started to argue.

Close up of G with a puzzled face

G: Who are they?

Close up of C (Mad look)

C: Sonic and Tails silly.

Close up of G

G: I knew that.

Close up of C

C: Sonic and Tails were arguing on who would get the last chilli dog and they both fight each other. Sonic ran off and both of them broke their friendship.

Close up of Sc.

Sc: Good speech, Coconuts. I give it thumbs up.

G: I give it 2 thumbs and a finger up.

Close up of D (with a making an evil plan look)

D: Now you two, you are both demoted to low class butlers while I promote Coconuts to executive janitor. Better yet, a freelance Sonic catcher.

Close up of Sc, in a sarcastic mood

Sc: Thanks Coconuts.

Wide to D, Sc and G, Grounder is looking dumb.

G: Um. What is that machine behind you, Dr. Robotnik?

D: That is my instant Rain-o-matic.

Close up of D and the Rain-o-matic. D is tapping it

D: By making the weather rain all the time, them Mobians have no crops for the season and then I will rule Mobius forever. Hahhahha!

Wide to all 4

Sc: Wouldn't Sonic destroy your masterpiece, boss?

D: Since Sonic has split up with that fox, I think it is best that you dumb-bots capture him.

Sc: But we don't like the rain, is it right Grounder?

G: Yeah.

D: If you two don't go outside, I would make you vacuum cleaners.

Sc & G: Yes, boss.

D: Good. Now Coconuts, where was you last?

Close up of C, in a giddy mood

C: In Green Hill, why?

Close up of D, teeth smiling

D: This rain would slow Sonic down; the traction wouldn't cope with his "power sneakers" (he says that sarcastically). Them two metallic morons can go to Green Hill while you make me an Egg Burger with yolk fries.

G: Did ya hear that Scratch, Dr. Robotnik wants us to go to Green Hill to capture Sonic?

Sc: Yes Grounder, I heard. Let's go and get that hedgehog. Bahahahawhah.

Now the viewer can see Tails walking very slowly with his head down, muttering to himself.

T: It's my fault that Sonic dumped me. I should have given him the last chilli dog but he was too stubborn to settle for half.

T finger points up (idea)

T: Wait a minute; did the chilli dog owner looked odd? He looked like...

T shouts, light bulb appears at his head

T: COCONUTS!

Back to normal voice

T: Well it's the first time that monkey fooled me. I better tell Sonic, my best bud. Maybe he might know what to do.

In another part of Green Hill, Sc & G are looking for Sonic. G's hands change to a periscope to try to find him. The screen shows up with a circle surrounded by black and periscope turns. Then we see Sonic walking down some path.

Wide to Sc & G

G: I've found him Scratch, but there is one problem.

Sc: What is it?

G: If we go out in the rain...

Sc: I know, we get electric shocked. That is why we are behind a tree, stupid.

G: Oh.

Then the viewer should see Sonic walking down the path.

S: That Tails didn't give me that chilli dog. Maybe a quick run might ease the pain.

Sonic starts running and then Sonic's sneakers are on a puddle. His arms move up and down, and then he falls over, hurting his knee.

S: Whoa!

Sonic gets up.

S: I think that was a bad idea. What was I thinking? I should have shared the chilli dog with Tails.

Sonic's arms start to shake violently, like he is cold.

Close up of S

S: I'm very cold out here; I do need a place to dry off. Wait a minute; I can see someone behind that tree over there.

S points at the tree where Sc & G are. The dynamic duo rush towards S

S & G (v.o): That's Sonic. Grab him.

Wide to S, Sc & G

Sc: We have got you now hedgehog, surrender or else.

G: Yeah, by orders of Dr. Robotnik, you are in deep trouble.

S puts his arm round Sc. Sonic is falling back with a fake helpless voice.

S: Oh, you got me at last. Who would save little old me?

Sc: Bahhawahwah. You are spending a year in a warm dungeon with nowhere to go.

S: A warm dungeon? I take it.

Close up of S whispering

S: At least I can get even with Robuttnik. (Winks at camera)

After useless shouting at the background, the usual Robotnik's fortress comes up. D is inspecting the Rain-o-matic and turning up the amount of rain.

D: That should destroy the crops.

D put down his spanner that he was holding.

Sc & G (v.o): WE GOT HIM. WE GOT HIM.

Sc & G rush to D holding S

D: At last, you nincompoops did something right. Looks like you and Tails are history.

Close up of S
S: I am, buttnik.

D starts to get mad and plonks something that looks like a coriander on to S.

D: Now hedgehog, you will be under my powers, doing what I want. Your brain cells have gone, replaced by instructions.

Close up of S now in a robotic voice
S: Yes, sire.

D: Now to celebrate, make me steamed eggs on toast. Now I have Sonic in my control.
Hahhahaha.

The viewer can see Tails still in Green Hill still looking worried.

T: Sonic! Sonic! Where are you?

T goes to the spot where S got caught. He stoops down and using his finger scoops some black stuff.

T: Hmm... Oil, which could mean one thing. Grounder and Scratch have kidnapped Sonic.

Now he is smiling with his left fist hitting his right palm

T: I would go to Robotnik's fortress to rescue my pal and clear that argument. As Sonic would say I'm up, over, and gone!

Tails runs off screen, which he is now at the front door of D's fortress. He runs off screen and back. T is disguised has a pizza man.

T: Pizza, get your hot pizza.

Sc & G open the door.
G: Pizza?

Close up of T
T: Is this Mr. Scratch Robot and Mr. Grounder's place?
Sc & G are nodding
Sc & G: Yes, it is.

T: I have a cheese and tomato for Scratch and an oil paste one for Grounder.

Sc & G: Our favorites!

T: That would by 9.99

T sneaks inside while G counts how much money they have.

G: Err. Would 27 cents cover it?
Sc: He's gone! That two-tailed fox tricked us.
G: How did you know?
Sc: An empty pizza box.
G: Aww. I don't like light pizzas.

T removes his costume and runs but a Buzz Bomber follows him. The chase music plays. T weaves through spikes and various traps and reaches a door called: Dr. Robotnik's Lab. You keep out. This would have a picture of D pointing a finger. T enters the room and runs to S.

Wide to S & T, T being anxious
T: Sonic, are you ok?
S: Intruder alert. Intruder alert.

D rushes to the machine.

D: Well, if it isn't Tails? If I knew you were coming, I would have poisoned the air.

T: Out of my way, egg belly. I must save Sonic!

D: Too late, fuzz ball. Sonic, destroy that fox!

S: Yes, Dr Robotnik.

D looks at T

D: That my fox friend, is my Instruction Coriander

S is stomping everywhere chasing T.

S: I would get you, you flying furball.

However T notices the coriander on his head.

T: What is that thing Sonic? I better remove it, quick.

T removes the coriander and S jolts a bit and S wipes his head.

D looks at T

D: That my fox friend, was my Instruction Coriander. I spent six minutes making that!

S smiles

S: Tails, you saved my life. How can I repay you?

T: If you say sorry about the chilli dog thing.

S hugs T.

S: I will Tails. Man, I was a jerk. Sorry Tails.

T: It's ok Sonic, now let's do that triple spin I like.

S: I've got a better idea. When I was a robot, I could still hear things. I hear that machine is the cause of this. Besides I can't do my triple spin right now.

T put finger on his chin and lifts it up (idea)

T: Sonic, I would program the machine to explode when Doc Botnik isn't looking.

S: I was thinking of just running but that would make Mobius' day come true.

T set the bomb on the Rain-o-matic, D is boiling mad ready to explode.

D: Sonic? Why aren't you eliminating Tails?

S: Sorry, but I have to motor. Watch out for that machine.

Sonic grabs Tails' arm and both run to the exit with the main theme playing. Sonic and Tails avoid various traps, and Tails is flying. The viewer can see them running until they reach outside the fortress.

Close up of S looking really happy

S: Well Bails, you did a great job.

Close up of T with a disappointed face

T: Please don't call me Bails or my real name, next time.

Wide to S & T

S: I was only kidding, Tails.

T: Really?

S: Yeah bud, that is unless you don't pull my spikes.

T: I won't Sonic, honest!

S: After that I really do need a chilli dog or ten.

Close up of T

T: Here we go, again!

Back in Robotnik's fortress, D is stomping on the ground.

D: Watch out of that machine. Pah! I rather listen to Wes Weasley than to him.

The machine is making bleeping noises, and fizzing.

D: I HATE THAT (the machine explodes and D turns black) hedgehog?

D falls down and fades out.

END OF EPISODE

SONIC SAYS 203- SHARING

After the intro, Sonic and Tails were eating chilli dogs in the park. Sonic is getting full but Tails is still hungry.

T: Sonic can I have that chilli dog?

S: Sure, let's sharing it.

T: Ok Sonic, best bud.

Sonic splits the chilli dog into two, which they both eat.

T: Mmmmm. That tastes good.

Sonic is in front of the screen

S: Listen kids, sharing is a good thing. By sharing, you are helping others experience what you do. Don't end up like me back there otherwise you lose your friends too. Always share, Sonic Says.
